

# **Assessing Crash Data from Montgomery County, Maryland**

Team members: Jules Gikundiro, Isabelle Scrimsher,  
Matthew Pedroza, Tia Chesley, Brian Fitzpatrick

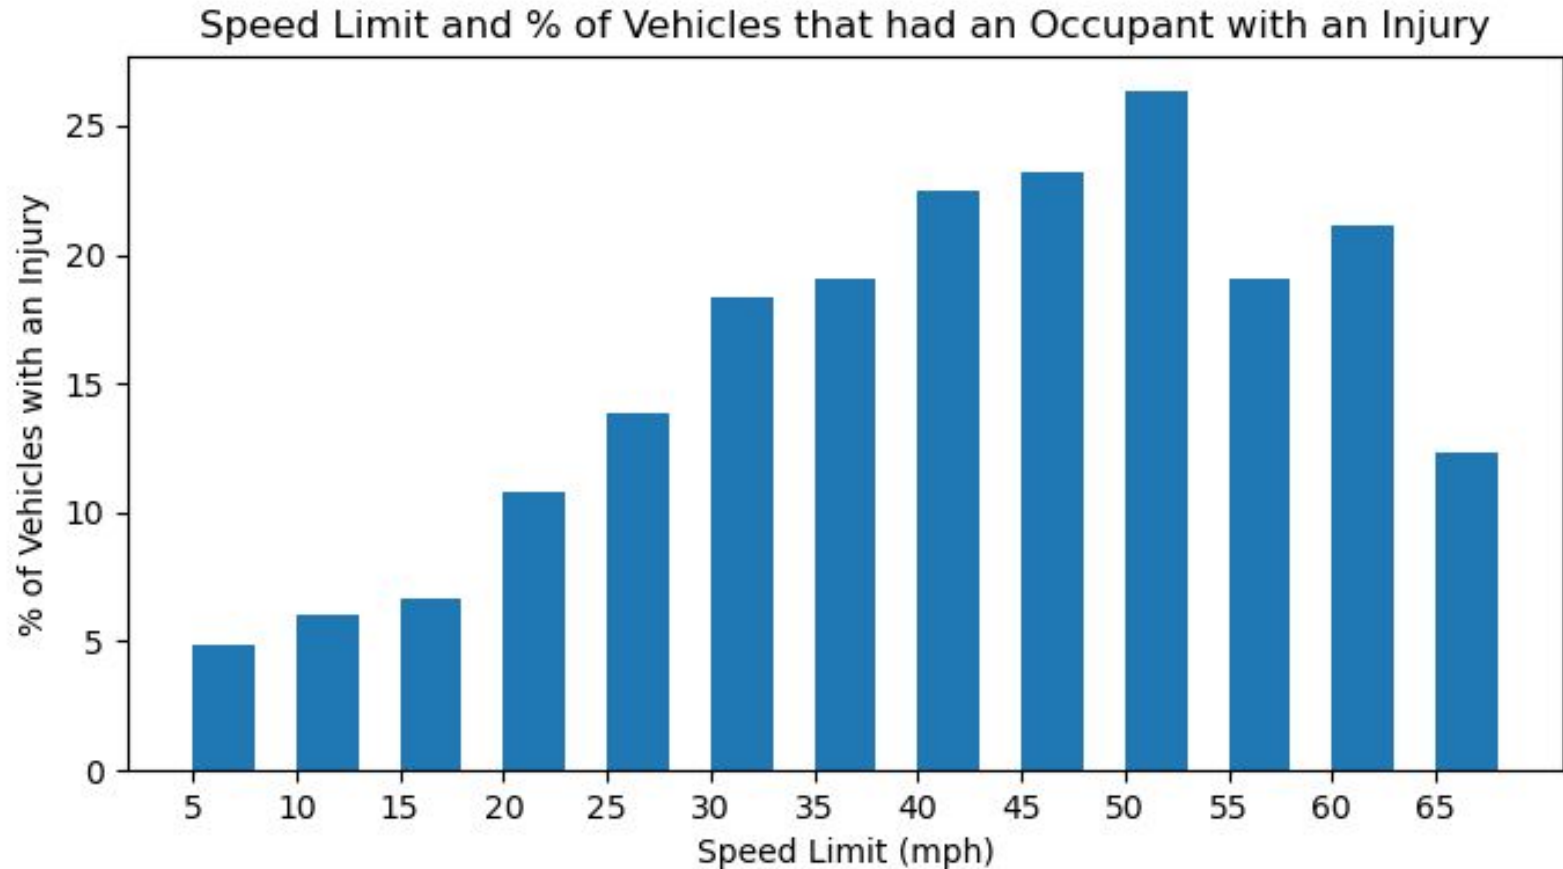

# Research Questions

- ➡ What make of car got into the most crashes?
- ➡ Do more injuries occur when the speed limit is higher?
- ➡ In what percent of accidents was the driver at fault?
- ➡ What is the most frequent driver distraction?
- ➡ What time of day do the most crashes occur?

# What make of car got into the most crashes?

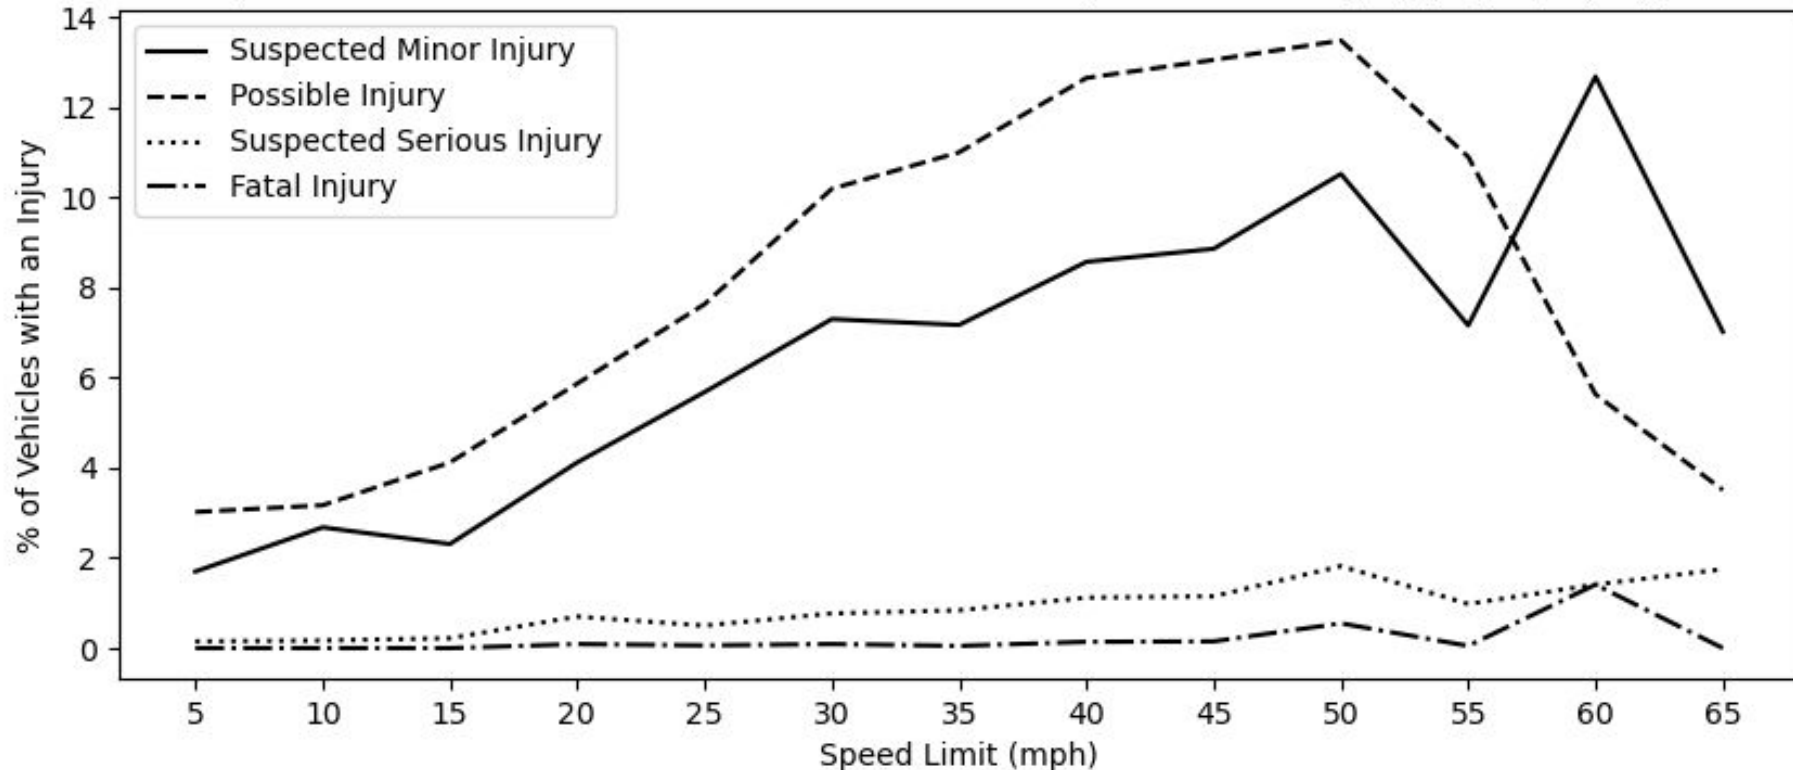

# Do more injuries occur when the speed limit is higher?

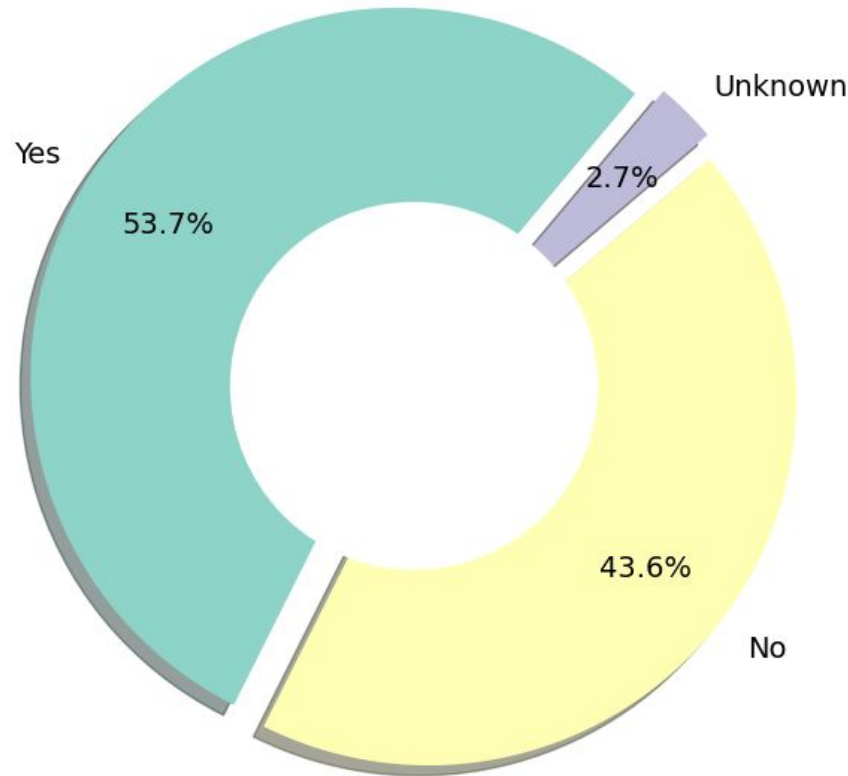

# Do more injuries occur when the speed limit is higher?

Speed Limit and % of Vehicles that had an Occupant with an Injury, by Injury Type

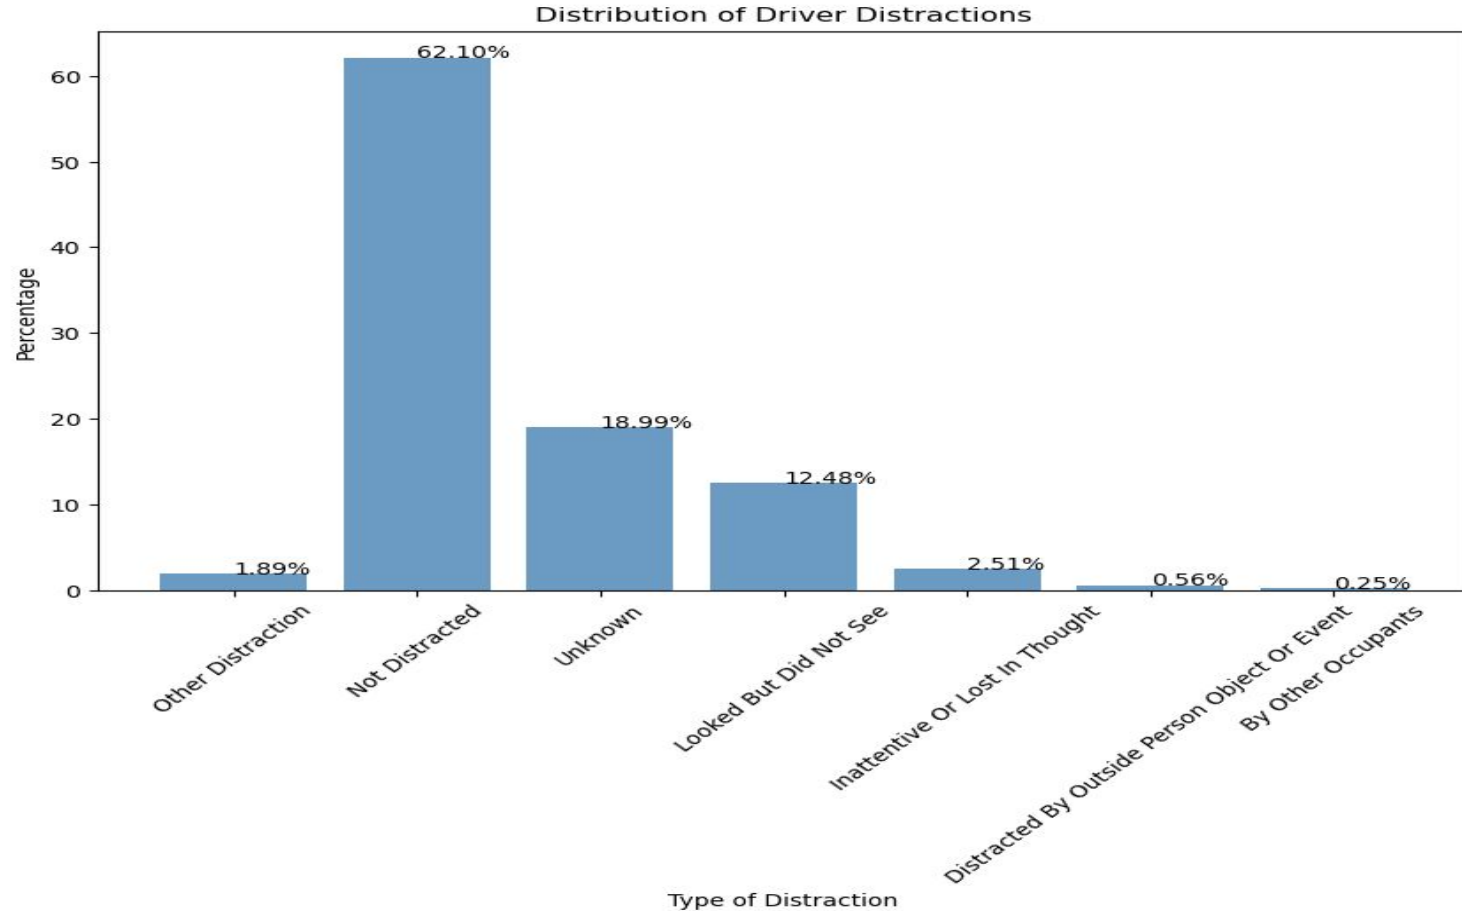

# In what percent of accidents were the drivers at fault?

Percentage of Drivers at Fault

# Distribution of Driver Distraction

# What time of day do the most crashes occur?
